

**Secure your future with a full scholarship to study IT in 2022**

**About the Scholarship**

Belgium Campus iTiversity will award one top student with a full scholarship to study our Bachelor of Computing qualification in 2022.

This student will receive one-on-one mentorship from one of our lecturers and have the incredible opportunity to present a project concept that could be developed in their 3rd year if viable.

**Criteria**

Students who wish to qualify for this scholarship must:

- Meet the requirements to study our Bachelor of Computing degree.
- Apply to study face to face at our Tshwane campus.
- Embody the Belgium Campus ethos and be a brand ambassador for our iTiversity.

**Belgium Campus ethos: Academic excellence, integrity, honesty, respect, fairness, Christian values, freedom and discovery, community and outreach, collegiality.**

**How to Apply**

- 

**1** **Create a student profile** on our website via the applicant portal.
- 

Complete the Belgium Campus **aptitude test** by 24 January 2022. [Click here to start.](#)
- 

The top 20 students from the aptitude test will be invited to complete our full **scholarship test online.**
- 

The top 5 students from the scholarship test must **supply their CVs** and will be invited to our **Tshwane campus for interviews.**

**Need More Information?**
