

FUTURE-PROOF YOUR CAREER

PART-TIME BACHELOR OF INFORMATION TECHNOLOGY

NQF Level 7 | 360 Credits | Online

Staying one step ahead of the skill shift isn't easy, especially as a working professional.

Belgium Campus iTiversity is ready to help you reskill or upskill for your future with our part-time Bachelor of Information Technology.

ABOUT THE COURSE

This degree is specifically designed and regularly updated to meet the changing needs of the industry.

With a focus on information systems modules, it covers the fundamentals of an extensive range of fields, including software development, cloud and IoT-based technology, web development, database development, software engineering, and data science.

ADDITIONAL INFORMATION

Classes span 30 Saturdays throughout the year.

Classes take place from 8am-5pm.

This is a five-year course for applicants without prior IT knowledge or experience.

Applicants with prior IT qualifications and/or relevant work experience can apply for Recognition of Prior Learning to complete the course in a shorter period.

A National Senior Certificate or equivalent endorsed for a degree.

ADDITIONAL REQUIREMENTS

50% or more for English on the NSC or equivalent.

50% or more for pure mathematics on the NSC or equivalent. If you did not take pure mathematics or achieved less than 50%, there is one more option available for you to gain entry, attend our Mathematics Bridging Course.

Empower yourself with the critical IT skills and knowledge to stay relevant in the rapidly changing job market.
