INDUSTRY CONNECT 2026

Corporate Participation Information Pack

Welcome to Industry Connect

Industry Connect is Belgium Campus iTiversity's flagship annual event, connecting leading ICT employers with top-performing final-year IT students. As a participating organisation, you gain direct access to a highly skilled, internship-ready talent pipeline across Gauteng and the Western Cape.

This information pack provides a concise overview of the event, a clear breakdown of the programme flow, an infographic-style snapshot of our students and the companies that recruit them, and a practical checklist to help you prepare for the day.

1. Overview: What Your Organisation Receives

1. Access to a National IT Talent Pipeline

Meet final-year students specialising in Computing, Software Engineering, Data Science, IT Infrastructure, and the Diploma for Deaf Students. All students are completing their compulsory internship year and are actively seeking placement opportunities.

2. Early Access to Student Profiles

Receive curated CVs, GitHub links, and insight into each student's technical strengths before the event.

3. Dedicated Company Presentation Slot

A 20-minute presentation to introduce your organisation, projects, internship roles, and long-term career pathways.

4. Structured Engagement Sessions

One-hour small-group discussions designed to help you assess communication, problem-solving, and interpersonal skills.

5. Exhibition Space

Directors:

Klopper.HB@belgiumcampus.ac.za</div>

A dedicated table for banners, marketing materials, demonstrations, and one-on-one conversations.

6. On-the-Day Interview Opportunities

Conduct short interviews, technical discussions, and follow-up conversations to accelerate your recruitment.

7. Two Regional Talent Pools

Attend Pretoria, Stellenbosch, or both events to strengthen national recruitment reach.

8. Employer Branding Visibility

Increase your organisation's visibility among students, academic staff, and industry partners.

9. Academic Engagement

Connect with faculty and share insights that help shape future curriculum alignment.

10. Participate is free to all organisations

Industry Connect is free for all participating organisations.

11. Post-Event Support

Receive CVs, GitHub links, contact details, and placement coordination assistance.

2. Event Flow

1. Arrival and Registration

Companies arrive, set up exhibition tables, and receive event materials.

2. Company Presentations

Each organisation delivers a 20-minute presentation to the full student group.

3. Structured Engagement Sessions

Small-group discussions between company representatives and students.

4. Exhibition and Open Interaction

Students visit company tables for deeper conversations, demonstrations, and follow-up questions.

5. On-the-Day Interviews

Companies may conduct short interviews or schedule further assessments.
